Before you collaborate

Before collaborating on this session, we do a little bit of preparation like reviewing the key concepts, familiarizing ourselves with the tools we'll be using, and understanding the objectives. This will help us get the most relevant experience. A little bit of preparation goes a long way in making our learning skills smoother and more productive.

A Team gathering

There are three team members in a team, where one is going to lead the project, another one is going to design and develop suitable visualizations, and the third one is going to provide insights into data sources and trends.

B Set the goal

The primary goal of this project is to develop a Power BI solution that accurately predicts global food availability and trends using real-time data. To achieve a primary objective by integrating, cleaning, and preprocessing the data.

C Learn how to use the facilitation tools

Ensure every team member contributes ideas and insights. Structure the session with clear steps: idea generation, grouping, and prioritization.

PROBLEM
How might we leverage Power BI to predict plant growth stages by analyzing environmental and management data, helping stakeholders navigate inflation's impact on agriculture in the global economic landscape?

Key rules of brainstorming

To run a smooth and productive session

Stay in topic. Encourage wild ideas.

Defer judgment. Listen to others.

Go for volume. If possible, be visual.

Brainstorm

Following are some ideas which describes our project objectives :

Prioritize

Placing our ideas on this grid to determine which ideas are important and which are feasible.

20 minutes

Importance

If each of these tasks could get done without any difficulty or cost, which would have the most positive impact?

High Importance
+ High Feasibility
High Importance
+ Medium Feasibility

Interactive Dashboard for Global Economic Trends
AI-Driven Economic Forecasting Model
Global Trade Network Analyzer

Feasibility

Regardless of their importance, which tasks are more feasible than others? (Cost, time, effort, complexity, etc.)

After you collaborate

You can export the mural as an image or pdf to share with members of your company who might find it helpful.

Quick add-ons

Share the mural

Share a view link to the mural with stakeholders to keep them in the loop about the outcomes of the session.
